§15–105.2. IN EFFECT

(a) The Program shall reimburse health care providers in accordance with the requirements of Title 19, Subtitle 1, Part IV of this article.

(b) (1) (i) In this subsection the following words have the meanings indicated.

(ii) “Health care provider” means a person who is licensed, certified, or otherwise authorized under the Health Occupations Article to provide health care in the ordinary course of business or practice of a profession or in an approved education or training program.

(iii) 1. “Telemedicine” means, as it relates to the delivery of health care services, the use of interactive audio, video, or other telecommunications or electronic technology:

A. By a health care provider to deliver a health care service that is within the scope of practice of the health care provider at a site other than the site at which the patient is located; and

B. That enables the patient to see and interact with the health care provider at the time the health care service is provided to the patient.

2. “Telemedicine” does not include:

A. An audio-only telephone conversation between a health care provider and a patient;

B. An electronic mail message between a health care provider and a patient; or

C. A facsimile transmission between a health care provider and a patient.

(2) To the extent authorized by federal law or regulation, the provisions of § 15–139(c) through (f) of the Insurance Article relating to coverage of and reimbursement for health care services delivered through telemedicine shall apply to the Program and managed care organizations in the same manner they apply to carriers.

(3) Subject to the limitations of the State budget and to the extent authorized by federal law or regulation, the Department may authorize coverage of and reimbursement for health care services that are delivered through store and forward technology or remote patient monitoring.

(4) (i) The Department may specify by regulation the types of health care providers eligible to receive reimbursement for health care services provided to Program recipients under this subsection.

(ii) If the Department specifies by regulation the types of health care providers eligible to receive reimbursement for health care services provided to Program recipients under this subsection, the types of health care providers specified shall include:

1. Primary care providers; and

2. Psychiatrists who are providing Assertive Community Treatment or mobile treatment services to Program recipients located in a home or community-based setting.

(iii) For the purpose of reimbursement and any fidelity standards established by the Department, a health care service provided through telemedicine by a psychiatrist described under subparagraph (ii)2 of this paragraph is equivalent to the same health care service when provided through an in-person consultation.

(5) The Department may require a health care provider to submit a registration form to the Department that includes information required for the processing of claims for reimbursement for health care services provided to Program recipients under this subsection.

(6) The Department shall adopt regulations to carry out this subsection.

§15-105.2. // EFFECTIVE SEPTEMBER 30, 2020 PER CHAPTER 691 OF 2018 //

(a) The Program shall reimburse health care providers in accordance with the requirements of Title 19, Subtitle 1, Part IV of this article.

(b) (1) (i) In this subsection the following words have the meanings indicated.

(ii) “Health care provider” means a person who is licensed, certified, or otherwise authorized under the Health Occupations Article to provide health care in the ordinary course of business or practice of a profession or in an approved education or training program.

(iii) 1. “Telemedicine” means, as it relates to the delivery of health care services, the use of interactive audio, video, or other telecommunications or electronic technology:

A. By a health care provider to deliver a health care service that is within the scope of practice of the health care provider at a site other than the site at which the patient is located; and

B. That enables the patient to see and interact with the health care provider at the time the health care service is provided to the patient.

2. “Telemedicine” does not include:

A. An audio-only telephone conversation between a health care provider and a patient;

B. An electronic mail message between a health care provider and a patient; or

C. A facsimile transmission between a health care provider and a patient.

(2) To the extent authorized by federal law or regulation, the provisions of § 15–139(c) through (f) of the Insurance Article relating to coverage of and reimbursement for health care services delivered through telemedicine shall apply to the Program and managed care organizations in the same manner they apply to carriers.

(3) Subject to the limitations of the State budget and to the extent authorized by federal law or regulation, the Department may authorize coverage of and reimbursement for health care services that are delivered through store and forward technology or remote patient monitoring.

(4) (i) The Department may specify by regulation the types of health care providers eligible to receive reimbursement for health care services provided to Program recipients under this subsection.

(ii) If the Department specifies by regulation the types of health care providers eligible to receive reimbursement for health care services

provided to Program recipients under this subsection, the types of health care providers specified shall include primary care providers.

(5) The Department may require a health care provider to submit a registration form to the Department that includes information required for the processing of claims for reimbursement for health care services provided to Program recipients under this subsection.

(6) The Department shall adopt regulations to carry out this subsection.
